

Package ‘irtawsi’

June 26, 2024

Type Package

Title Items Response Theory Analysis with Steps and Interpretation

Version 0.4.1

Maintainer Hari Purnomo Susanto <haripurnomosusanto@gmail.com>

Description Dichotomous and polytomous data analysis and their scoring using the unidimensional Item Response Theory model (Chalmers (2012) <doi:10.18637/jss.v048.i06>) with user-friendly graphic User Interface. Suitable for beginners who are learning item response theory.

Imports DT, mirt, psych,
readxl,shiny,shinyWidgets,shinycssloaders,rmarkdown,bs4Dash,gt,diagram,writexl,mirtCAT,WrightMap

Description

Dichotomous and polytomous data analysis and their scoring using the unidimensional Item Response Theory model (Chalmers (2012) <doi:10.18637/jss.v048.i06>) with user-friendly graphic User Interface. Suitable for beginners who are learning item response theory.

Usage

```
irtawsi()
```

Value

No values are returned, launches 'shiny' interface
